Summary

- Front-End Developer specializing in React, Next.js, and TypeScript with experience building responsive, scalable, and SEO-friendly web applications.
- Skilled in developing modern user interfaces using Tailwind CSS, Shadcn/UI, and component-based architecture with a strong focus on performance and user experience.
- Passionate about writing clean, maintainable code and continuously expanding knowledge in full-stack development and modern web technologies.

Technical Skills

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3

Frameworks & Libraries: React.js, Next.js, NextAuth, Shadcn/UI

Styling: Tailwind CSS, Bootstrap

Tools: Git, GitHub, VS Code, npm, Chrome DevTools

Concepts: Responsive Design, REST APIs, SEO, Authentication, Component-Based Architecture, App Router, Dynamic Routing

Projects

Digital Business Transformation Hub | *Next.js, TypeScript, Tailwind CSS, Shadcn/UI* 2026

- Developed a production-ready corporate platform using Next.js App Router and TypeScript.
- Built reusable UI components with Shadcn/UI and Tailwind CSS following scalable architecture.
- Optimized SEO, responsiveness, and performance to deliver a smooth user experience across devices.
- **Live Demo:** companies-digital-market.vercel.app
- **GitHub:** github.com/wezzoooo/DigitalMarket

QG Group Corporate Website | *Next.js, TypeScript, Tailwind CSS* 2026

- Designed and developed a responsive corporate website with a modern business-oriented interface.
- Created reusable components and optimized page structure for maintainability and scalability.
- Focused on responsive design, performance optimization, and clean user experience across all devices.
- **Live Demo:** qg-group.vercel.app
- **GitHub:** github.com/wezzoooo/QG-Group

E-Commerce Web Application | *Next.js, React, Tailwind CSS, NextAuth* 2026

- Built a full-stack e-commerce web application using Next.js with modern React architecture.
- Implemented secure authentication and user session management using NextAuth.
- Developed core features including product catalog, shopping cart, and dynamic product pages.
- Designed a fully responsive interface with Tailwind CSS while optimizing performance and user experience.
- **Live Demo:** e-commerce26-2.vercel.app
- **GitHub:** github.com/wezzoooo/e-commerce26-2

Education

Route Academy Jul. 2025 – Feb. 2026

Front-End Development Diploma

Alexandria, Egypt

- Completed intensive training in modern front-end development
- Built real-world projects using React.js and Next.js

Tanta University Sep. 2019 – May 2023

Bachelor of Science, Computer Science

Tanta, Egypt

Relevant Coursework

- Front-End Development: HTML5, CSS3, JavaScript (ES6+), React.js, Next.js
- Responsive Design: Tailwind CSS, Bootstrap
- Web Development Concepts: REST APIs, Component-Based Architecture, SPA
- Computer Science Fundamentals: Data Structures, Algorithms, OOP

Summer Training - Central Library of Tanta University

Aug 2022 – Sep 2022

Front-End Development & Intro to Cyber Security and Back-End Concepts

Tanta University

- Completed a summer training program at the Central Library of Tanta University.
- Gained foundational knowledge in Front-End development including HTML, CSS, and basic JavaScript concepts.
- Learned introductory concepts in Cyber Security and system security awareness.
- Obtained an overview of Back-End development principles and how client-server architecture works.
